

WE ARE HIRING!

ELECTRICAL SITE ENGINEER

JOB REF NO: JP191

DEPARTMENT: T-T PUMPING STATIONS

RESPONSIBLE TO: DEPARTMENTAL MANAGER

T-T Pumps Ltd, one of the UK's market leading companies in the supply, manufacture, design, install and service of pumping equipment, is looking for a dynamic and motivated individual to join their external site teams.

This challenging and diverse role includes working alongside a mechanical engineering installing, commissioning and servicing of pumping equipment.

Responsibilities / Duties:

- Attend sites across the UK
- Support our after sales and breakdown department when available
- Be prepared to stay away from home when required, at least one night a week
- Maintain company procedures and improve where possible
- Complete site reports after each visit and obtain customer signature
- Return all completed site reports and time sheets in a timely fashion
- Be a good ambassador for the company, promoting all products and services
- Ensure all materials and tools are available before leaving and complete works within time frames
- Communicate at all levels
- Be responsible for petty cash and credit card
- Identify training needs

Any other duties necessary:

- Be flexible to the requirements of the business
- Observe and maintain the company's Health and Safety Policy
- Undertake any other duties that may be required from time to time
